Dear Sir,

As discussed, we have enclosed RA 01 with percentage-wise details based on the materials supplied and installation completed. Approximately 80% of the supply and installation work has been completed, and 40% pertains to supply-only materials.

Kindly review the document, cross-verify the tentative work progress at site, and approve the same so that we may proceed with closing RA 01 for electrical and fire works and raising the tax invoice. Please let us know if any further clarification is required.

Please find the attachment.

Thanks & Regards
