Dear Sir,

As discussed, we have followed the Structural Consultant's approved drawing for the FRP tank supporting structure.

However, in the last email, the FRP vendor proposed a structure based on their own tank requirements and design criteria. To avoid any mismatch and ensure alignment from all sides, please coordinate with the Structural Consultant and decide on the final approach to be followed

Please confirm the same so that we can proceed accordingly without any further deviations.

Thanks & Regards,

Prakshal Jain

External Mail

Dear Sir,

Good afternoon.

We added three columns between long spans to support the 25,000 litre OHT on the MS platform.

Please treat this as the most recent version and complete the additions on-site in accordance with the updated drawings attached.

Thanking you,

Best Regards,
Dr. Anand G
